#### INDEPENDENT AUDITOR'S REPORT

September 14, 2007

To the Township Board Township of West Branch Dickinson County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of Township of West Branch, Dickinson County, Michigan as of and for the year ended June 30, 2007, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Township of West Branch's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Township of West Branch, Dickinson County, Michigan as of June 30, 2007, and the respective changes in financial position thereof, for the year ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Township's basic financial statements. The other supporting information described in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended June 30, 2007

This section of the Township of West Branch's annual financial report presents our discussion and analysis of the Township's financial performance during the fiscal year ended June 30, 2007. Please read it in conjunction with the financial statements, which immediately follow this section.

#### FINANCIAL HIGHLIGHTS

Our financial status remained stable over the last year. Net assets at June 30, 2007, totaled \$99,237.61 for governmental activities. Of this total \$48,985.92 represents capital assets net of depreciation. Overall net assets increased by \$4,261.29 from the prior year.

Overall revenues were \$74,138.08.

We did not incur any new debt during the year.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This annual report consists of three parts, management's discussion and analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the Township and the notes to the financial statements.

The first two statements are entity-wide financial statements and provide both long and short-term information about our overall financial status. These statements present government activities.

The remaining statements are fund financial statements, which focus on individual parts of the Township in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data.

Required supplementary information further explains and supports the financial statement information with budgetary comparisons.

#### **ENTITY-WIDE FINANCIAL STATEMENTS**

The entity-wide statements report information about the Township as a whole using accounting methods used by private companies. The statement of net assets includes all of the Township's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

The two entity-wide statements report net assets and how they have changed. Net assets are the difference between the entity's assets and liabilities and this is one method to measure the entity's financial health or position.

Over time increases/decreases in the entity's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

All of the activities of the Township are reported as governmental activities. These include the General and Special Revenue Funds which are the Liquor Fund, Budget Stabilization Fund, Revolving Improvement Fund and Road Improvement Fund.

## MANAGEMENT'S DISCUSSION AND ANALYSIS For the year ended June 30, 2007

#### **FUND FINANCIAL STATEMENTS**

The fund financial statements provide more detailed information about the Township's funds, focusing on significant (major) funds not the Township as a whole. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The Township Board also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditures of those resources.

The Township has the following types of funds:

Governmental Funds: All of the Township's activities are included in the governmental fund category. These funds are presented on the modified accrual basis, which is designed to show short-term financial information. The Township's governmental funds include: General Fund, Liquor Fund, Budget Stabilization Fund, Revolving Improvement Fund and Road Improvement Fund.

#### FINANCIAL ANALYSIS OF THE TOWNSHIP AS A WHOLE

Net Assets: The Township's combined net assets increased \$4,261.29 during the year ended June 30, 2007, totaling \$99,237.61.

#### FINANCIAL ANALYSIS OF THE TOWNSHIP'S FUNDS

General Fund: This fund is used to record all activities of the Township not required to be recorded in a separate fund. This would include parks, zoning, legislative, administrative, elections, and Township hall. The major source of revenue for the General Fund is from the Township tax base and the revenue sharing from the State of Michigan.

Liquor Fund: This fund is used to record revenues and expenses for liquor control. The source of revenue comes from revenue sharing from the State of Michigan.

Revolving Improvement Fund: This fund is used to record revenues and expenses for capital improvements within the Township.

Road Improvement Fund: This fund is used to record revenues and expenses for road construction and maintenance of streets. The source of revenue comes from revenue sharing from the State of Michigan.

#### CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Capital Assets: Additions to Township capital assets for this year totaled \$0.00.

The Township does not have any long-term debt at this time.

#### KNOWN FACTORS AFFECTING FUTURE OPERATIONS

There are currently no plans for the future which will affect future operations.

#### CONTACTING THE TOWNSHIP'S MANAGEMENT

This financial report is intended to provide our citizens, taxpayers, customers and investors with a general overview of the Township's finances and to demonstrate the Township's accountability for the revenues it receives. If you have any questions concerning this report please contact the Township Supervisor, Clerk or Treasurer.

# RECONCILIATION OF THE STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year ended June 30, 2007

#### NET CHANGE IN FUND BALANCES – TOTAL GOVERNMENTAL FUNDS

7 797 15

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities, these costs are allocated over their estimated useful lives as depreciation

Depreciation Expense (3 535 86)
Capital Outlay - 4 261 29

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Township of West Branch, Dickinson County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

#### Reporting Entity

The financial statements of the Township contain all the Township funds that are controlled by or dependent on the Township's executive or legislative branches.

The reporting entity is the Township of West Branch. The Township is governed by an elected Township Board. As required by generally accepted accounting principles, these financial statements present the Township as the primary government.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Township's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Governmental Funds

#### General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

#### Special Revenue Funds

These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

#### Agency Fund

The Current Tax Collection Fund is used to account for assets held as an agent for others.

#### Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

#### Receivables

Receivables have been recognized for all significant amounts due to the Township. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

#### <u>Inventories</u>

Inventories of supplies are considered to be immaterial and are not recorded.

#### Property Taxes

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned.

Properties are assessed as of December 31 and the related property taxes become a lien on December 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the county tax rolls. The Township 2006 tax roll millage rate was 1.8394 mills, and the taxable value was \$7,174,107.00.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Capital Assets

Capital assets are defined by the Township as assets with an initial cost of more than \$2,500.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements 30-50 years Equipment and vehicles 5-20 years

#### Compensated Absences (Vacation and Sick Leave)

Township employees are not allowed to accumulate vacation and sick pay and therefore no accumulated amount is recorded in the financial statements.

#### Post-employment Benefits

The Township provides no post-employment benefits to past employees.

#### **Fund Equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### **Encumbrances**

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

#### Note 2 - Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

- 1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Township Board for consideration.
- The proposed budgets include expenditures as well as the methods of financing them.
- 3. Public hearings are held to obtain taxpayer comments.
- 4. The budgets are adopted at the activity level by a majority vote of the Township Board.
- 5. The budgets are adopted on the modified accrual basis of accounting.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 2 – <u>Budgets and Budgetary Accounting</u> (continued)

- 6. The originally adopted budgets can be amended during the year only by a majority vote of the Township Board.
- 7. The adopted budgets are used as a management control device during the year for all budgetary funds.
- 8. Budget appropriations lapse at the end of each fiscal year.
- The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Township Board during the fiscal year.

#### Note 3 – Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Township to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Township Board has designated one bank for the deposit of Township funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The Township's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

Carnina

	<u>Amounts</u>
Total Deposits	50 562 33
Amounts in the bank balances are without considering deposits in transit or	uncleared checks.
	Bank <u>Bala</u> nces
Insured (FDIC) Uninsured and Uncollateralized	54 098 77 
Total Deposits	54 098 77

The Township of West Branch did not have any investments as of June 30, 2007.

### NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 4 - Capital Assets

Capital asset activity of the Township's Governmental activities for the current year was as follows:

_	Balance 7/1/06	Additions	Deletions	Balance 6/30/07
Land and improvements	8 000 00	-	-	8 000 00
Buildings and improvements	88 190 00	-	-	88 190 00
Equipment and vehicles	47 507 00			<u>47 507 00</u>
Total	143 697 00	-	-	143 697 00
Accumulated Depreciation	(91 175 <u>22)</u>	(3 535 86)		(94 711 08)
Net Capital Assets	<u>52 521 78</u>	(3 535 86)	<u> </u>	48 985 92

#### Note 5 - Pension Plan

The Township does not have a pension plan.

#### Note 6 – <u>Deferred Compensation Plan</u>

The Township does not have a deferred compensation plan.

#### Note 7 – Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Township has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

#### Note 8 – Interfund Receivables and Payables

<u>Fund</u>	Interfund <u>Receivable</u>	<u>Fund</u>	Interfund <u>Payable</u>
General	16 82	Current Tax Collection	16 82

#### Note 9 – Transfers In and Transfers Out

For the fiscal year ended June 30, 2007, the Township made the following interfund transfers:

<u>Fund</u>	Transfers In	<u>Fund</u>	Transfers Out
Liquor	300 00	General	300 00
Total	300 00	Total	300.00

#### Note 10 – Building Permits

The Township of West Branch does not issue building permits. Building permits are issued by Dickinson County Construction Code Commission.

## NOTES TO FINANCIAL STATEMENTS June 30, 2007

#### Note 11 - Budget Variances

## AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

September 14, 2007

To the Township Board Township of West Branch Dickinson County, Michigan

We have audited the financial statements of the Township of West Branch for the year ended June 30, 2007. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

# AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES

We conducted our audit of the financial statements of the Township of West Branch in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Township Board Township of West Branch Dickinson County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

#### SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

#### **OTHER COMMUNICATIONS**

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

#### COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

#### **FIRE BANK ACCOUNT**

The firemen have a bank account in the name of the Township. We recommend that these funds be handled by the Township Treasurer. We also recommend that these transactions be approved by the Township Board.

#### **BUDGET VARIANCES**

Actual expenditures have exceeded budgeted amounts in two activities. We recommend that the Township Board adopt and amend the budgets in compliance with state law.

#### INVESTMENT POLICY

The Township Board has not adopted an investment policy. We recommend that the Township Board adopt an investment policy as soon as possible.

#### SEGREGATION OF DUTIES

A separation of duties between persons who authorize transactions and persons who have control over the related assets does not always exist.

The least desirable accounting system is one in which an employee is responsible for executing the transaction and then recording the transaction from its origin to its ultimate posting in the General Ledger. This increases the likelihood that intentional or unintentional errors will go undetected. In most cases, adequate segregation of duties substantially increases control over errors without duplication of effort.

We understand that due to the size of needed staff, a proper segregation of duties may be impractical and the "cost to benefit" relationship may not justify the addition of accounting staff to accomplish the desired segregation.

To the Township Board Township of West Branch Dickinson County, Michigan

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Township's financial statements and this communication of these matters does not affect our report on the Township's financial statements, dated June 30, 2007.

#### **SUMMARY**

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

CAMPBELL, KUSTERER & CO., P.C.
